# University of Stavanger

“Challenge the well-known, explore the unknown”

# University of Stavanger

Strategy 2030: Building knowledge to meet societal challenges

Universitetet  
i Stavanger

- We will be an open and innovative university that demonstrates a high quality of education, research and artistic development work
- Our common direction will be guided by the responsibility for sustainable transition
- We will be characterised by a high level of well-being among students and staff
- Energy, health and welfare and learning for life constitute our areas of priority

University  
of Stavanger

Eimund Nygaard,  
CEO, Lyse

Energy

Long-standing close cooperation with Lyse  
on energy-related research and education

University  
of Stavanger

# Health and welfare

Centre for resilience in healthcare (SHARE)  
secures leadership role in EU project with 13 partners

University  
of Stavanger

Learning for life

Cross-disciplinary cooperation  
and co-creation can hardly be overstated

# Headwinds are building

Policy concerns

---

- Investment in higher education and research
- Centralisation vs de-centralisation
- Research vs education
- Internationalisation vs national approach

# «When the going gets tough,...»

Priorities going forward

---

- Making room for priorities
- Cooperation and co-creation
- An innovative university
- Concerns for research
