## Meld. St. 31

(2023–2024)

Melding til Stortinget

Perspektivmeldingen 2024

Martin Bech Holte

# Landet som ble for rikt

Hvordan  
Norge endte  
i Oljefondets felle

## The future of European competitiveness

Part A | A competitiveness strategy for Europe

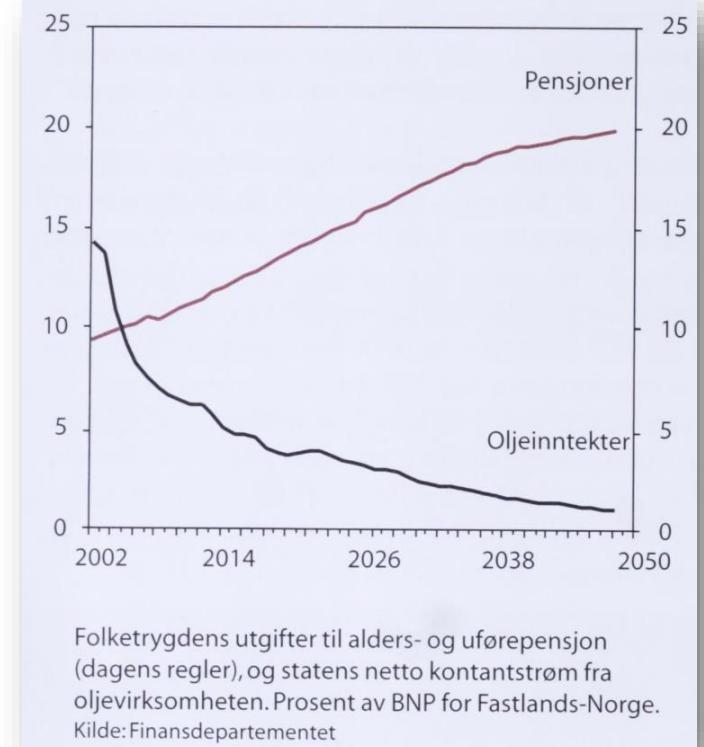

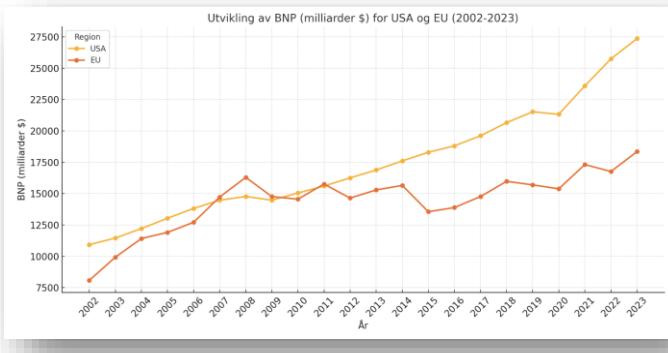

SEPTEMBER 2024

## Productivity has risen much faster in the US than in Europe

US non-farm output per hours; eurozone/UK output per hour worked (real, rebased)

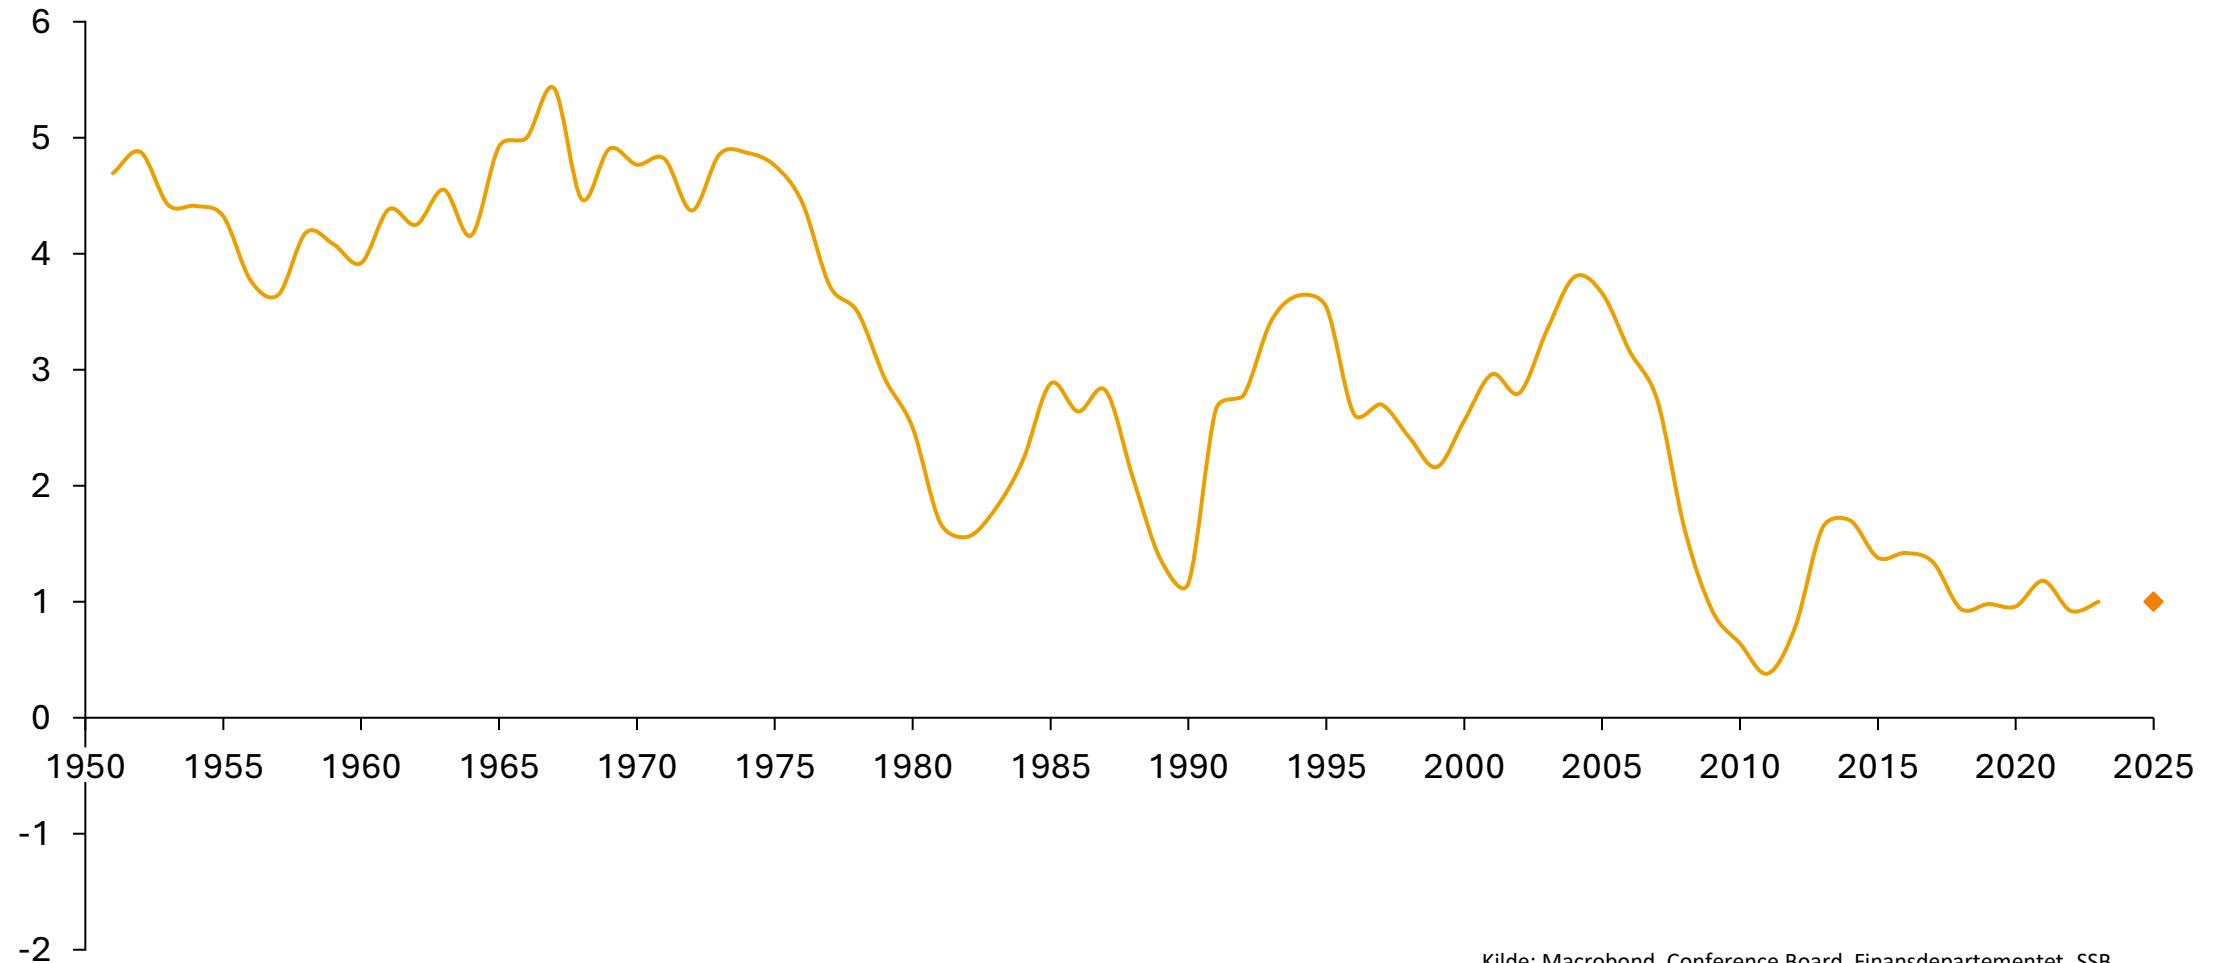

US Eurozone UK

# «Computers are everywhere, except in the productivity statistics»

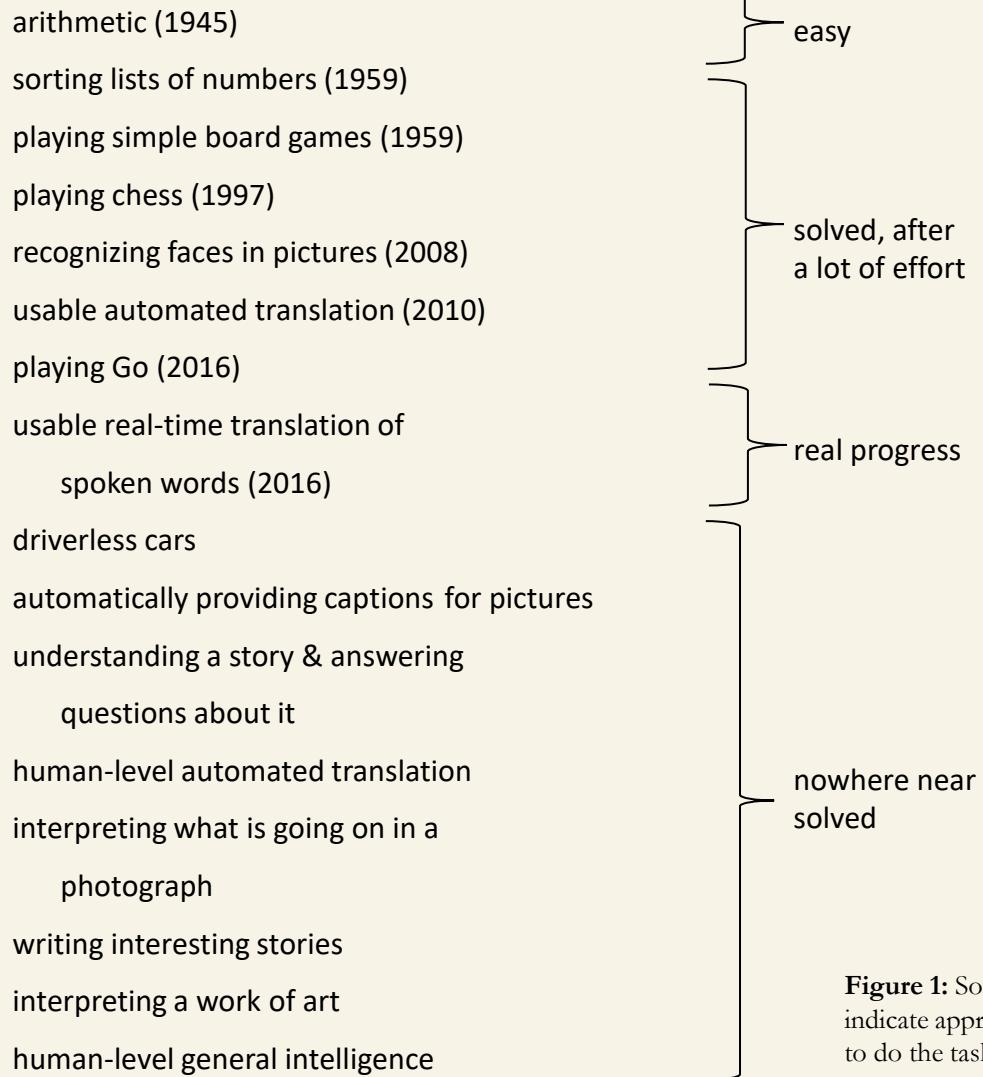

75 år med teknologiske framskritt

Arbeidskraftens produktivitetsvekst, markedsrettet virksomhet Fastlands-Norge. Fem års glidende gjennomsnitt.

# Vi er vitne til historiske endringer 2021

**Figure 1:** Some tasks that we want computers to be able to do ranked in order of difficulty. Years in parenthesis indicate approximately when the problem was solved. At present, we have no idea about how to get computers to do the tasks at the bottom of the list.

# Vi er vitne til historiske endringer 2025

arithmetic (1945)  
sorting lists of numbers (1959)  
playing simple board games (1959)  
playing chess (1997)  
recognizing faces in pictures (2008)  
usable automated translation (2010)  
playing Go (2016)  
usable real-time translation of  
spoken words (2016)  
automatically providing captions  
for pictures (2023)  
understanding a story & answering questions about it (2023)  
human-level automated translation (2023)  
interpreting what is going on in a photograph (2023)  
writing interesting stories (2023)  
interpreting a work of art (2023)  
driverless cars  
human-level general intelligence

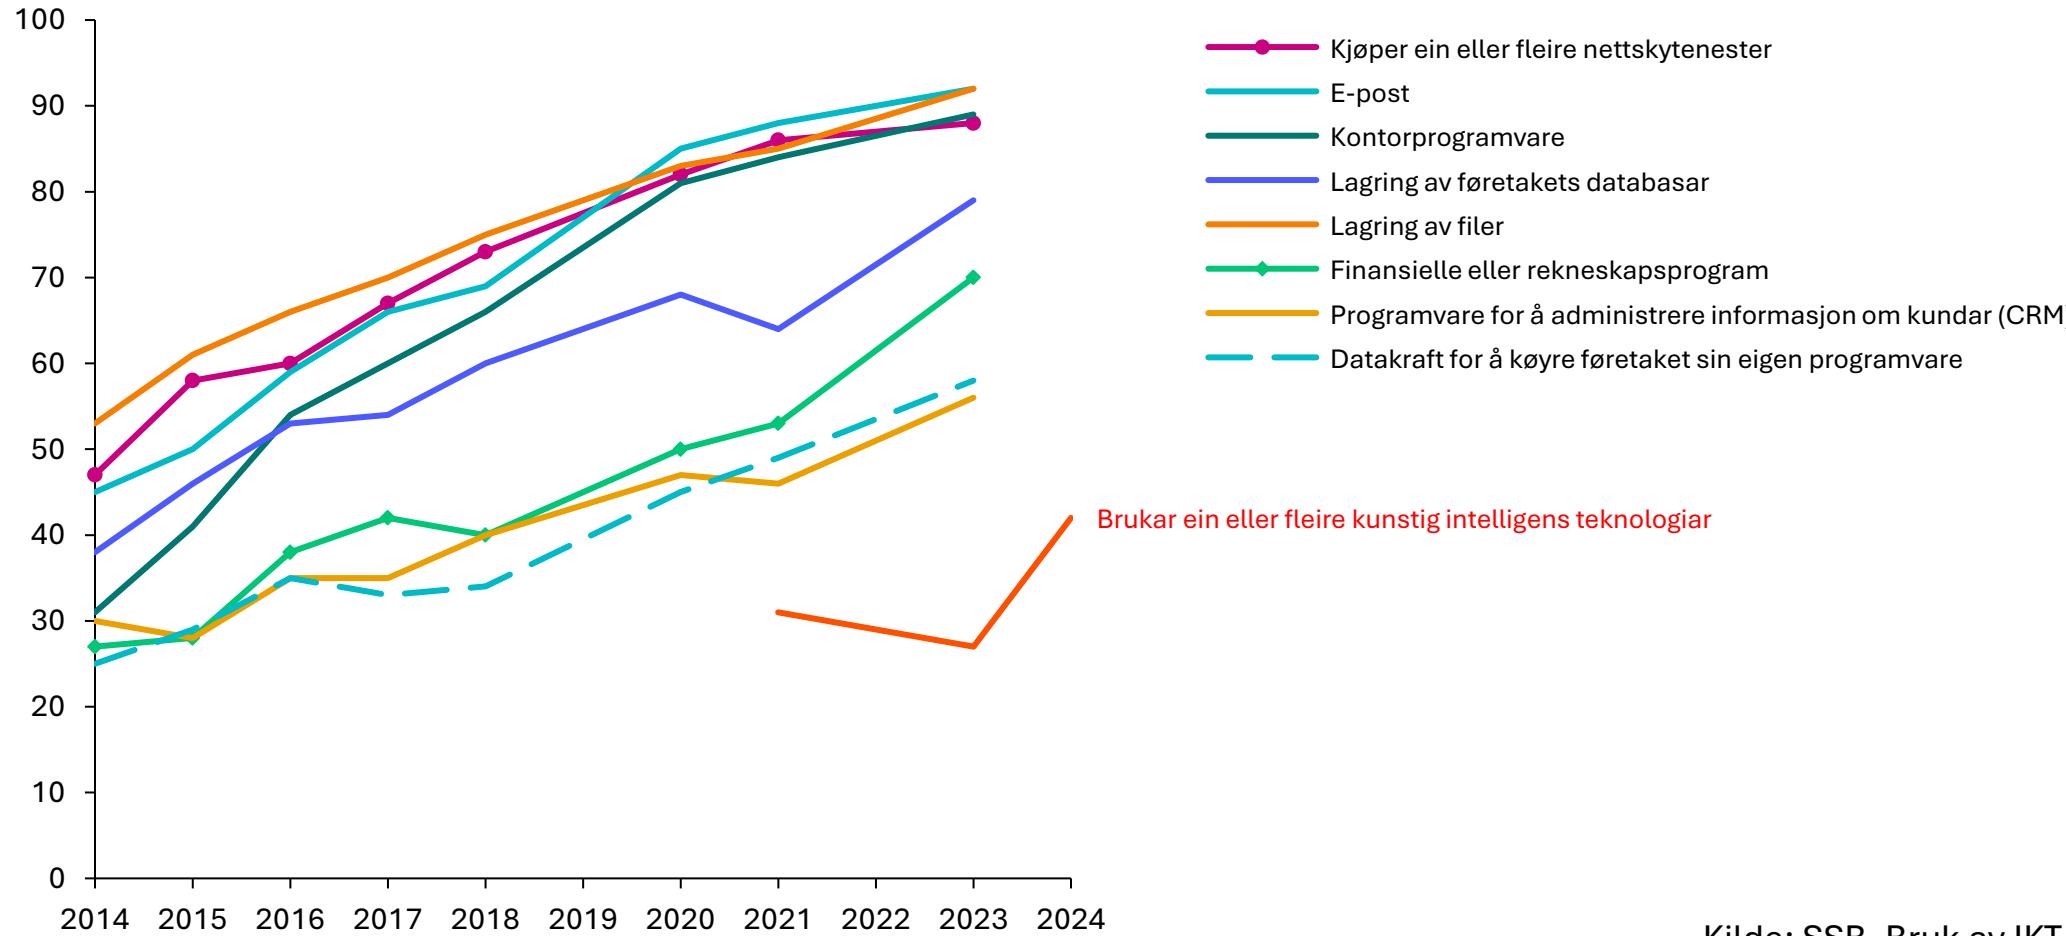

**WTF?**

# Den største omstillingssprosessen finner sted mellom ørene til ledelsen

Vi er nesten i mål med e-post og fillagring

Andel av virksomheter med over 100 ansatte i privat sektor som benytter skytjenester og KI

Ideer og forskning er motoren i  
den nye vekstøkonomien.

Men hvordan ta dem i bruk –  
raskere?
